## NEW RECORD FOR P. O. RECEIPTS

### LIONS' FOUNDER VISITS CITY

Donner Council Welcomes  
Melvin Jones, General  
Secretary, In Placerville

The founder and secretary-general of Lions International, the man responsible for instituting a service club which now embraces 3,050 separate dens with 105,000 members, was in Placerville Tuesday to meet with the Placerville Den.

He is Melvin Jones and his visit to Placerville was made possible by District Governor Thomas Maul, who invited him to meet with the club here while enroute to the convention of Lions International, to be held at Oakland later this month.

Lion Jones was met at Reno Monday by Lion Maul, and the two attended the meeting of the Reno Club, coming to Placerville by car Tuesday morning.

Lion Jones' visit to Placerville was the occasion for sending invitations to surrounding clubs to send delegations to the meeting and a large number of the clubs of Donner Council were represented as the club convened at Hotel Raffles.

Lion J. R. Johnson, formerly a member of the Placerville Den, came over from Auburn with a delegation from that club, and Lion Edwin C. Browne, formerly a member of the Placerville Den and now of San Francisco, came to Placerville from his summer camp for the meeting.

Evelyn Morey Chamberlain, "the (Continued on page 4)

### Pacific Savings Suit Filed

Sacramento Woman Would Have  
State Loan Commissioner  
Take Over Association

SACRAMENTO, (UP)—Mrs. Grace M. Schriber of Hood, a stockholder in the Pacific States Saving and Loan Co., had a suit on file in superior court today to force state building and loan commissioner Justus F. Craemer to take over operation of the association.

William H. Neblett, democratic candidate for governor and counsel for Mrs. Schriber, contends Craemer agreed with association officials to permit appointment of a receiver during a hearing scheduled for today in Los Angeles federal court.

Under existing laws, the suit contends, Craemer should assume control of the association's affairs.

Mrs. Schriber asked the return of her \$1,854 investment.

### VETERAN RESIDENT AT LAKE VALLEY IS SUMMONED

Orsane W. Dickey, 85, for forty-five years a resident of Lake Valley and known affectionately to older residents there as "the mayor of the south end of the lake," passed away at Bijou Tuesday morning.

Mr. Dickey had been caretaker on the Anita Baldwin estate but retired from active work about ten years ago. He is said to have been a native of East Orange, Vermont.

A son, a daughter and his wife, Mrs. Flora Dickey, survive him.

The funeral arrangements, in the care of Memory Chapel, are being tentatively planned to be held at Bijou on Thursday afternoon with interment at the cemetery at Rowlands.

### Ship Building Returns Profit To Italy

ROME (UP)—Italy is finding ship-building for foreign countries good business.

The largest foreign passenger liner ever to be constructed in Italy, the 28,000-ton Stockholm for the Svenska America Line of Sweden, was completed recently. Before delivery, Italian shipyards were working on 21 units ordered by seven nations with a total tonnage of 166,500 tons. The ships were commissioned by Great Britain, the United States, Norway, Portugal, Rumania and other countries.

Don Goodrich  
Gets Hole In  
One, At Bijou

Don Goodrich scored a hole in one at the nine-hole Bijou Golf Course at Lake Tahoe Monday.

It was the first time Goodrich had made a hole in one, and the second time that a hole in one had been scored on the course, the first one having gone to V. V. Gilcrease, the club professional.

Goodrich was playing with George W. Ross, Fred Gardner and I. R. Silva and sunk a 75-yard drive on the number eight hole. He used a number six iron.

Don's companions insisted in signing his card attesting the hole in one.

### ARTHUR MART CHOSEN AERIE PRESIDENT

Roscoe Larkin Resigns Post  
Owing To Removal From City;  
Is Located At Oakland

Roscoe Larkin, recently installed Worthy President of Placerville Aerie No. 889, F. O. E., resigned that office at the aerie's meeting Monday night, owing to removal from the city.

The aerie elected Arthur Mart, who had been installed as vice-president, to the office of worthy president and made plans for an election in the near future to name a vice-president.

Mr. Larkin had served the order in various subordinate posts and the circumstances requiring his removal from the city were an unfortunate turn of events which deprived him of a past president's pin after numerous years of service to the order.

Mr. and Mrs. Larkin and their family moved from Placerville to Santa Cruz and from that place to Oakland, where Mr. Larkin is in business at the corner of 66th and East Fourteenth Streets.

The aerie is making plans for a large class initiation to be held on July 25 and the officers and drill team of Oak Park aerie will attend and conduct the initiatory work.

Following the meeting there will be refreshments and entertainment.

### 19 COUNTY SCOUTS IN CAMP AUDRAIN, RETURN FRIDAY

The second contingent of El Dorado County Boy Scouts to share in the Golden Empire Council Scout camp at Lake Audrain, numbers nineteen members from the Camino troop and the two Placerville troops. The boys will complete their ten-day period at the camp and return to their homes on Friday.

A total of forty-two Scouts of the county will have shared in the camp this year, twenty-three having enjoyed the initial ten-day period at the camp. These were from the Diamond Springs troop and the two Placerville troops.

Frank Fausel took the nineteen boys to the camp for the second ten-day period, and brought the twenty-three who had spent the first period at the camp to their homes. Scouts and Scouters are grateful to Mr. Fausel for his interest in the Boy Scout work and for his aid in solving the transportation problem.

### MAN DROWNED IN RIVER NEAR VOLCANOVILLE, CORONER CALLED

Coroner A. J. Orelli left Placerville at 4 o'clock Tuesday morning in response to word received Monday evening, reporting that the body of a man had been seen floating in the Middle Fork of the American River near Cock Robin point, below Volcanoville.

The body was found by Jay French, Joseph Natrass and Otto Holm, who also are said to have retrieved the man's hat, which is said to have borne the markings of a Reno haberdashery.

Coroner Orelli would be able to drive to Cock Robin point from which it is a long and precipitous descent to the river.

At noon, the coroner was reported as still at the river and it was not known whether the body had been recovered.

### COUNTY REUNION ON AUGUST 28

Association Announces Date  
For Annual Event At Mosswood  
Park, Sn Oakland

At a recent meeting of the officers of the El Dorado County Reunion Association, it was decided that the annual meeting of the association will be held as usual, at Mosswood Park, Oakland, and the date this year will be Sunday, August 28.

This is according to word received from Mable Alderson, secretary of the reunion association, whose address is 1306 Pearl Street, Alameda.

Present at the meeting of the officers were George Simpers, association president; Ed F. Lane, vice-president, and the secretary.

Treasurer George Hofmeister was not present. Mr. Hofmeister is spending an extended vacation at sea in the South Pacific and will not return in time for the reunion association meeting.

The reunion association formerly had been holding its meeting in September but in recent years the date for the annual get-together has been advanced to the last Sunday in August, in the hope that the earlier date may make it possible for a number of the present El Dorado County residents to attend.

Officers of the association send word that they hope a number of the present residents of the county will attend this year's meeting, to spend a pleasant day with their many friends now resident at the Bay District.

### Roosevelt In Colorado

President Addresses Pueblo  
Audience From Platform  
Of Special Train

PUEBLO, Colo. (UP)—This nation is not going to copy other forms of government because "ours is good enough for us," President Roosevelt told a Pueblo audience today that crowded around the rear platform of his special train.

Stating that his administration's big objective "is to make democracy work," the chief executive then pledged a maintenance of the present form of government.

The President made no mention of politics nor did he refer to Sen. Alva B. Adams, democrat, up for re-election. However, it was anticipated he would maintain a handsoff policy where Colorado politics was concerned.

Mr. Roosevelt whose talk mainly concerned his off repeated philosophy of proper land use was presented to the crowd here by Gow Teller Ammons.

### MERCHANTS ARE BUSTING HORSEHIDE AT 292 CLIP

The Merchants are busting the ball for a team average of .292 in the Foot-hill League, according to batting averages released Monday and including all league games played to date.

Bruce Buhler, shortstop, leads the hitters with nineteen hits in thirty-five times at bat in eight games for an average of .600.

Other averages are, Forest Dunkle, catcher, eight games, fourteen hits in 29 times at bat, .488; Kenneth Ward, left field, 14 hits in 33 times at bat for .424; Hardie Tatum, right field, 5 hits in twelve times at bat in five games, .416; Chester Carsten, pitch and center field, 14 hits in 36 times at bat in 8 games, for .388; Eugene Marchini, .333 in three games; and Jim Schroth, first base, 11 hits in 34 times at bat in eight games for a .323 average.

Bob Clarke has played in seven games to hit .200; Stanley Beach in seven games to hit .142; Roy Del Carlo in six games to hit .125; Bill Schroth in five games for .062 and Ed Edelman has tapped the rubber seven times in four games.

Mr. and Mrs. William Williams, of Marysville, were here to spend the weekend with relatives and friends.

EL DORADO COUNTY'S OUTDOOR GIRL for 1938 began the round of special events in connection with the Salinas rodeo today when she shared in a radio broadcast between 2:30 and 3 o'clock over radio station KPO at San Francisco. Miss Dorothy Morris, El Dorado County's entry in the contest to name California's outdoor girl for 1938, was accompanied to San Francisco by her mother, Mrs. M. D. Morris.

Traffic officers continue to complain that the most persistent violators of parking privileges include some of those who cater to the traveling public.

On Sunday or on holidays, for instance, just because the local parking restrictions are "off," some of those whose places of business are open bring their cars down and park them for half a day or even for a full day on the main stem.

More than once, the officers report, they see tourist cars slow down while their drivers look for a parking space and, finding none, drive on—to buy their dinner or their refreshments or their kodak films or sump'n else in some community where parking space is available.

New paint dress for the Empire building.

Mrs. Corinne Miller, Mrs. Gertrude Potter, Mildred and Wilma Potter Mildred Thiele and Lois Miller left this morning in Mrs. Miller's car to spend several days on vacation and sight-seeing at the Bay District.

Carolyn Reed Green has been engaged as principal at the Diamond Springs school, succeeding G. Mayes Hudnall, resigned.

Mrs. Vivian E. Watson went to Grizzly Flat Monday to take charge of the school.

Three Supervisors in town Tuesday. C. E. Green, of Diamond, Cyril Heuser, of Shingle, and Chairman W. H. Breedlove, of Georgetown.

Guy E. Wentworth and Frank R. Hull are taking a few days vacation and going fishing. Where? we asked, and they answered "fishing."

A certificate filed with the recorder Tuesday morning tells of the marriage on Monday before the Rev. John Dunlap, of Robert M. Pitman, 24, of Sacramento, and Geneva Felton, 21, of Fresno.

L. J. Anderson reports catching a 24-inch German Brown in Loon Lake Sunday, weighing four pounds. "Doc" showed us the scars of battle to prove the tale.

Charles Pine was a Tuesday morning caller from Missouri Flat.

Mr. and Mrs. Ronald Giffen were in town Tuesday from near Shingle.

John Raffetto, candidate for assemblyman, left Monday morning for a few days campaign tour through the (Continued on page 4)

### NEW 'ROUND WORLD TIME BY AIR

Hughes And Party Leave  
Moscow Seven Hours Ahead  
Of Post's Record

MOSCOW, (UP)—At 7:40 p. m. Moscow time Howard Hughes was halfway between Sverdlovsk and Omsk on his flight around the world. His position was given as longitude 64.20 and latitude 55.40.

The position given would be about 260 miles from Omsk.

They had arrived here after a flight of 1,675 miles from Paris, and 5,316 miles from New York, at 11:15 a. m. (4:15 a. m. EDT.)

As they took off, after a pause of only two hours and 16 minutes, they were gaining steadily on the round the world record of seven days 18 hours 49 minutes set by the late Wiley Post in 1933.

Hughes, multi-millionaire oil man and motion picture producer, had left Le Bourget Airdrome, Paris, with his four companions at 8:24 p. m. (EDT) on Monday in their silver monoplane "New York World's Fair of 1939."

Flying over central and eastern Europe high above thick cloud banks in constant danger if they flew too low permitting ice to form on the plane, the aviators made the Paris-Moscow stage, second of their flight, in seven hours 51 minutes.

As they arrived they were 32 hours and 55 minutes out of Floyd Bennett Airport, which they left at 7:20 p. m. Sunday.

They had halved, in their flight from New York to Paris, the time made by Col. Charles A. Lindbergh in his solo flight in 1927; when they reached Moscow they were 17 hours 15 minutes ahead of the time Post made in 1933, flying by way of Berlin.

Leaving as quickly as they did, Hughes and his companions gained another 36 minutes on Post, who remained here two hours and 52 minutes and they were now 17 hours 15 minutes ahead of the Post record.

### PARLORS TO INSTALL NEW OFFICERS JOINTLY TONIGHT

Officers recently elected and appointed by Marguerite Parlor No. 12, N. D. G. W., and Placerville Parlor No. 9, N. S. G. W., will be installed at a joint meeting of the two parlors tonight at the Masonic Hall.

This being the regular meeting night of Placerville Parlor, that organization will meet briefly, following which the parlors will convene together.

Mrs. Mary Sweeney is the president-elect of Marguerite Parlor and George Duffy is the president-elect of Placerville Parlor.

### GROWTH OF CITY CONTINUES

Business For Fiscal Year  
Totals \$29,168.77, Report  
Completed Tuesday Shows

Placerville's postoffice receipts for the fiscal year ended June 30th reached a new all-time high of \$29,168.77.

This is according to a report made public Tuesday by Postmaster Joseph Scherrer.

The continuing increase in business at the Placerville postoffice is viewed as an indication of generally healthy local business conditions, and as demonstrating the need for early action on the proposed erection of a new postoffice building in the city.

The total receipts for the past year represent a gain of about \$500 over business for the year before, when the figure was \$28,648.55.

This was a gain of about \$2,000 over business for the year ending June 30, 1936, when the figure was \$26,461.67. Receipts in the year ending June 30th, 1935 were \$24,882.28 and for the year before that, \$20,118.83.

According to John Nelson, chief clerk and assistant postmaster, the postal receipts have showed a continuing increase for years past with the exception of one year, about 1931, when they fell slightly below the total for the year before.

### 'Round World In 4 Days, Likely

Globe Girdling Plane May  
Return To New York By  
Thursday Afternoon.

NEW YORK, (UP)—Howard Hughes' Fair Grounds revealed today that the German government had granted permission for Hughes' round the world plane to cross that country only on condition that he follow a specified route and maintain at all times an altitude of "over 10,000 feet."

The route and the altitude specified were said to have been designed to prevent Hughes' flying over military bases and fortifications.

World's fair headquarters also announced the following route for the plane beyond Moscow, where Hughes landed at 4:15 a. m. EDT., today:

Moscow to Omsk, 1437 miles; Omsk to Yakutsk, 2443 miles; Yakutsk to Fairbanks, Alaska, 2456 miles; Fairbanks to New York 3380 miles.

Flight headquarters estimated that following two hours for each stop and assuming that the plane would average 200 miles an hour, Hughes would be back in New York Thursday noon after a globe circling flight of less than four days.

### Motor City Invites All Candidates

According to Mr. and Mrs. W. C. Barker of Motor City, invitations are being mailed out to all candidates for elective offices in the county, requesting their presence at a candidates' ball to be given at the Motor City dance hall, Saturday night, July 23.

A special program of music is being arranged by the management and Rolfe Barton leader of the 10-piece dance orchestra is to be master of ceremonies for the evening. Each candidate is to be given a minute at the "mike."

This Saturday night, July 16, there is to be another regular dance at Motor City, with Barton's dance band furnishing the music, Mrs. Barker stated.

### Young Drivers Involved In More Accidents

STATE COLLEGE, Pa. (UP)—Automobile drivers 16 years old are involved in nine times more traffic fatalities than persons 45 to 50 years old, according to Amos E. Neyhart, Pennsylvania State College driving education expert.

Neyhart is directing the driver training program of the American Automobile Association. He opened the annual summer session in driver education at State College June 27.

## THE Book Mark

By JANE VOILES

Almost everybody today cherishes the idea that they are going to write a short story when they can get around to it. Two kinds of short stories are recognized: the story that has "art-form" where you create your own pattern and the formula story where you follow a set pattern. Some of the magazines will accept only stories that have art form, others like the pulps will take only formula stories and some will take both. If you really want to publish your stories, you will do well to study the magazines and see what kind of stories they take and where you think your stories will have the best chance.

Harriet Bradfield, an authority on fiction markets, gives some inside information about what the magazines want. "American Magazine" she tells us, likes husky stories in which there is action and in which things happen. Readers of "American" are usually on the look-out for information and they like to get it in story form. "Collier's" with a circulation of two and a half million leans toward out-of-the-ordinary stories and stories about modern romantic youth.

Sophistication of a kind oozes out of "Cosmopolitan." It pays extremely well and many short stories that have appeared in it have zoomed into Hollywood making a little additional change for their writers. We heard that a story called "A Lady Comes to Town" was sold to "Cosmopolitan" for \$7,000 and to MGM for the movies for \$35,000. We had this on good authority but we don't know if the authority could supply proofs. Anyway, it is said that more Hollywood scenarios come from "Cosmopolitan" pages than from any other magazine. We don't advise sending a story off-hand, however. Study several issues and see what's what.

"Esquire" wants stories that appeal to masculine taste, although you would be surprised at the number of women who read that magazine. Several writers now living in California appear in "Esquire" Horace McCoy, Louis Paul, Michael Fessier (born at Angels Camp) James Cain. "Liberty's" editors like stories that verge a little on the sensation, stories of action, adventures and romance. "Red Book" wants stories in the manner of 1938 although the material need not be stream lined.

"Saturday Evening Post" on the whole, pays higher rates than any other magazine. No wonder that every one is eager to make the Post. It uses about 225 stories a year and pays from \$500 up. The average is \$1200. Wouldn't that help to pay off the mortgage and buy the baby shoes? Last year 147 new writers appeared in the Post, that is, new to that magazine. It is said that many of them won their spurs writing for the pulps. If you aspire for the Post why not read the collection "Post Stories of 1937" for ideas?

The oldest agricultural magazine in the world "The Country Gentleman" does not demand necessarily a rural background for its stories. The editors prefer the entertaining story to one of the grim soul-searching kind. "New Yorker" which on the surface seems to be the last work in flippancy publishes short fiction with underlying themes of a serious nature but the style of writing must never be heavy.

"Atlantic Monthly" and "Harper's" of the quality group maintain high literary standards. "Scribner's" lately overhauled and now very smart in appearance wants stories that feature American scenes and characters.

The all-fiction magazine "Story" belongs to the quality group. Aspiring long-haired youths and short-haired maidens want to make "Story." We are told that the rate of pay is low but the glory is great.

The women's magazine offer an important fiction market. "Good Housekeeping" wants stories that are helpful to the home spirit. The editors encourage glamorous backgrounds but they put their foot down on anything that might leave an unpleasant or depressing memory. "Ladies' Home Jour-

nal" accepts nothing verging on the confessional type. "The other woman" type or sexy stories. Stories of glamorous young love are welcomed. "McCall's" uses fiction of a lighter tone, but they encourage stories that go a little deeper than the emotions. "Pictorial Review" will accept stories "that dig deep and attack social problems of the day. "Woman's Home Companion" wants young love themes and will use frontier and pioneer stories.

The pulps — we have been talking about the "slicks," seem to multiply every time we look at a news stand. "True Story," believe it or not, has a circulation of over two and a half million. The names of the writers never appear so that there is no knowing what famous people use this magazine to get rid of their inhibitions.

We mention a few out of the hundreds of pulps. Detective stories are the biggest pulp field today. "Black Mask" prefers straight action stories, "Dime Mystery" wants terror, menace, fast movement and bizarre plots. "Thrilling Detective" demands that excitement should begin in the first paragraph. "All Western" wants real western settings of the old days for its stories. "Western Trails" features straight action cow boy stories. "Ace Sports" goes in for the sport action story with human interest. If you want to write for "Air Trails" your main

## THREE NEW LETTERS OF GEORGE WASHINGTON ARE REVEALED

CHICAGO, (UP)—Three hitherto unpublished letters of George Washington are in the possession of Arthur Klinkin, Chicago collector of first editions, rare books and autographs.

He obtained them from a private character must be an aviator.

Here's luck. Don't be afraid of rejection slips. You can always use them for book marks.

collection when the last member of a historic family died and the estate was closed.

The letters are in a remarkable state of preservation and the script is still undimmed by time. The longest one of the three bears the date of May 5, 1799, and was written at Mount Vernon. Penned in a flourishing style typical of Colonial days and evidently dealing with a problem of military ranking.

Grape leaf hoppers are numerous in Kern County and control measures are being applied.

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

SHAWNEE ON DELAWARE, Pa. (UP)—Slight in build, shy in manner, soft in speech, Denny Shute is the most feared match play golfer in the world.

Blue eyed, with thinning gray hair and a mildness of demeanor that is completely deceiving Shute's competitive record stamps him as the game's best man-to-man combatant.

When advantage is his he presses it as savagely as a firing squad officer executes the coup de grace. When he is behind, trailing in a match, his eyes narrow, his heart steels, and, hiding his emotions behind a face as impassive as that of a river gambler's, he pursues with a relentless iciness that usually breaks down his quarry.

This week, fresh from a victory over Ralph Guldahl, open champion, Shute seeks his third straight national P. G. A. championship, the toughest of all tournaments to win. The prohibitively short odds of 3 to 1, quoted on him by the bookies, show how respected he is in the hand-to-hand grapple that is the P. G. A.

## \$400 BUYS LEASE ON SOUTH SEA ISLAND "UTOPIA"

MELBOURNE, (UP)—Fred Briggs, until recently attached to the photographic section of the Royal Australian Air Force, has launched a project for the founding of a South Sea Island Utopia of the kind that has been the dream of thousands for at least a century.

The island which Briggs has chosen as the site for his South Sea paradise is that of Nukahiva of the Marquesas group. He is there making surveys and conducting negotiations with the French government for a lease on the island.

Should these negotiations fail, he has a number of other islands in view in the South Seas which will answer his purpose equally as well.

The South Sea Utopia is to be known as the International Goodwill Settlement and membership is open to any one who is in a position to pay there, contribute \$400 to a community fund and who is willing to abide by the regulations of the community.

## Eagle Serves As Pet For Girl, Aged 3

SALT LAKE CITY (UP)—The best of pals are Nadine Eskelson, 3, and "Baldy the Eagle."

The eagle, a young bird, was taken from a cliffside nest by Nadine's grandfather, R. Irving Eskelson.

Both Nadine and "Baldy" enjoy a romp on the lawn and the youngster has no fear of her unusual pet.

## 5-Foot Shark Clubbed, Caught By Boys

ALAMEDA, (UP)—Tall stories about the wonders and sport of shark fishing were deflated a trifle by the experiences of Jack Wadsworth and Bill McGinn, two 10-year-old grammar school boys.

When they spied a 5-foot shark swimming near the edge of a lagoon they got a couple of clubs, sneaked up behind it, cracked it on the head, and dragged it ashore for the final "coup de grace."

## MOTHER, 53, DRAW NEAR GOAL OF COLLEGE GRADUATION

ANNA, Ill. (UP)—Mrs. Mable Keith Lesar, 53, a widow and the mother of three sons, who was graduated from the Anna high school in May, will be a freshman this September at the University of Illinois.

Just 32 years ago, Mrs. Lesar planned to graduate from high school in Anna, which is in Union county. Illness and hardships prevented. Now, after a struggle lasting three decades, during which she lost her husband in the 1918 influenza epidemic and found herself with three sons, a heavily mortgaged home and no means of support, she has realized her girlhood ambition.

Mrs. Lesar's three sons all have completed high school. Two of them are graduates of the University of Illinois and the third is a student there. One of the graduates is an assistant professor at the University of Kansas.

### THIEVES STEAL WHARF

METHUEN, Mass., (UP)—Add freak robberies: thieves stole a wharf from Camp 2 at Forest Lake. Nothing else was taken from the camp or adjoining garage.

The Titin variety is providing the largest part of Kings County's light 5j6tc. crop of apricots.

### The schedule for Wednesday night:

R. and G. vs. Placerville News Co.; Lions Club vs. 20-30 Club. A novelty game will be played between teams representing the state highway maintenance forces in El Dorado County and the maintenance force at Marysville.

## WILD BEE HUNT LURES 2,500 APIARISTS, YOUNG AND OLD

WINSTED, Conn., (UP)—The first public wild bee hunt in the United States will be held here July 9.

Eligible for participation will be 2,500 members of the Connecticut Bee Keepers Association, the oldest of its kind in the country, and all amateur Frank Bucks of the honey kingdom over 14 years old.

"Master of the hunt" will be Claude L. Ytes, Hartford, who will give a chalk talk to entrants and then turn them loose for the unusual sport of lining the wild bees and ferreting out their colonies, whether they may be in old trees, barns, or wherever the fickle nectar-gathering insect might choose to congregate.

The usual lining procedure is to capture a wild bee, feed it to the bursting point with honey or sugar syrup, turn it free and then mark its "bee line" passage to the nest. The bee, always an enthusiastic worker, will return for more.

## 44,000 Specimens In U. S. Stamp Library

WASHINGTON, (UP)—The Post-office department's Philatelic Bureau—the world's most extensive collector of the United States stamps—now has 44,000 specimens on display in the Benjamin Franklin postoffice here.

Recent commemorative and new regular issues have added to the collection, which also includes 10,000 foreign stamps from 88 countries belonging to the International Postal Union.

## Child Courtesy To Win Awards From Estate

MASHPEE, Mass. (UP)—Thanks to a bequest by the late Samuel G. Davis, West Falmouth summer resident, 25 Mashpee grammar school pupils every year receive \$10 and \$5 awards and gold medals.

southern counties of the assembly district, including Inyo, Mono and Tuolumne. He expects to return to Placerville about Thursday. Saturday night Mr. Raffetto made a talk before a large organization group in Roseville.

Sam Heuston, who has been visiting his nephew and family Mr. and Mrs. W. E. Heuston, has returned to his home at Fiddletown.

Mrs. Frank Irwin and two children have returned from a few days visit to Stockton. Mr. Irwin drove down Sunday and brought them home.

Mr. and Mrs. Paul Williams and family were Sacramento visitors on Sunday.

Don Goodrich spent Sunday and Monday at Lake Tahoe.

Mr. and Mrs. J. E. Jewell were in town Tuesday from their resort at the south end of Lake Tahoe.

Miss Mary Robert has returned to her home at San Francisco following a visit here with her aunt and uncle, Mr. and Mrs. John Scherrer.

Dr. Paul Gilson, of Letterman General Hospital, has been assigned to the CCC camp at Caldor as medical officer.

Dr. Lloyd Brauer drove up from Los Angeles Monday and returned home Tuesday morning. He was accompanied by his young son, Floyd, who will stay here for a vacation visit with his grandfather, Dr. S. B. Shepard, and other relatives, at the Shepard ranch at Fruitridge.

Lion "Scoop" Thurman was a visitor Tuesday from Colfax and attended the meeting of the Placerville Club. After the meeting, "Scoop" called on a number of his friends in Placerville in connection with his candidacy for the assembly.

## PRIZE GADGETS SENT TO ANNUAL CONVENTION OF INVENTORS

Burns, Alameda, Cal., president of the National Inventors Congress, beamed with pride here when he examined the early arriving exhibits that will be displayed at the annual convention, July 18-23.

Included among the inventions that caught the eye of the portly Californian were a mouse trap which electrocuted its victims when they sniff for cheese; a valveless automobile; an electric hedge trimmer that will shear 150 feet of foliage in an hour; a double-chain reducer and an insect cage to trap roaches and flies.
